

The College of Certified Saskatchewan Genealogists
invite you to

**WHAT'S BEEN DONE: USING
SOMEONE ELSE'S
GENEALOGY RESEARCH**

Saturday, March 13, 2021
1:00 p.m. via Zoom

Thomas MacEntee,
Founder & CEO
GenealogyBargains.com

About the Presentation:

If you've ever been given a box of "stuff" from a relative and been told it holds your family history? While you may be delighted with the treasure you've been given, you should also be concerned about incorporating potentially misleading information into your current research.

How do you effectively review and incorporate information you have inherited including notes, family stories and more? How do you do so in such a way that honors and respects the contributions of other family members? And what about extracting "clues" from data that could prove unreliable?
